

# BRAHMS Cu+Cu Status

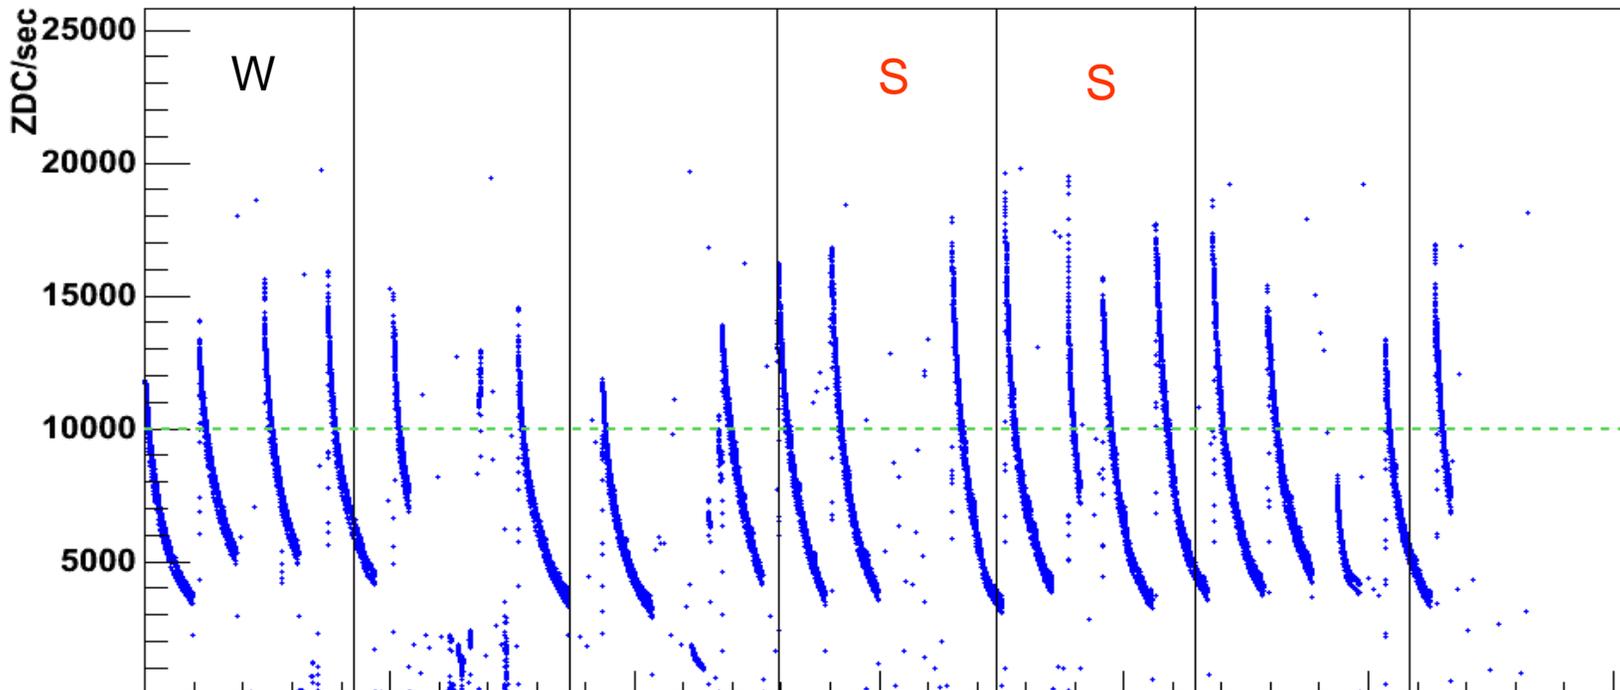

- Running smoothly without major issues
  - 0.43 nb<sup>-1</sup> recorded since Jan. 16th
  - 12M MRS 11M FS Triggers collected
- Currently running “soft physic” (low-p<sub>T</sub>) program
  - Goal: 2 nb<sup>-1</sup> delivered
  - Will be done in a week
- High-p<sub>T</sub> program
  - Goal: 4 nb<sup>-1</sup> delivered
  - Will be luminosity limited
  - Higher luminosity and/or β\* squeeze will help reaching the goal
- Minimum low energy run required for physics:  
~ 2 weeks
