

## BLIP Target Approval Form

Safety Submission Reference: Tgt\_16\_04 and tgt\_16\_04(a); LHC Collimator Material Irradiation at 200 MeV (Tgt\_16\_04) and 160 MeV (Tgt\_16\_04(a)) Linac Beam Energies

Date of RSC Blip Target Subgroup Review: Via e-mail and March, 2016 meeting

Approved on: March 25, 2016

Person verifying RSC review items completed: Dana Beavis

Note: The target arrays presented are for different target arrays for the two energies and thus two target numbers are assigned for the loading table checking that is conducted. See Table A1.1 and A1.3 in the submission.
