

Monday 03/17/2014 5th Scheduling Meeting

Minutes

Present: Guillaume Robert-Demolais, Olga Evdokimov, Zangbu Xu, Wolfram Fischer, Klaus Dehmelt, Phil Pile, Paul Sampson, Christoph Montag, Joe Tuozzolo.

Brief overview of the coming week:

In addition to physics stores,

1. Maintenance scheduled on Wednesday, Mar. 19, 8:00-1400hrs driven by PHENIX and AtR power supply repair, Stochastic cooling preparation work and Westinghouse current limit relay diagnostics.
2. Klaus: PHENIX is in good shape, only short Controlled Access needed for Wednesday.
3. Olga: STAR is in good shape, background silicon damage concerns.
4. Wolfram: Shorter higher intensity stores for scrubbing and increased luminosity.
