

# Take 5 for Safety

*E. Lessard*  
*June 9, 2015*

# Walking and Working Surfaces

- Slips, trips, and falls constitute the majority of general industry accidents
- They cause 15% of all accidental deaths, second only to motor vehicles
- Consideration of walking and working surfaces must be part of work planning

# New Sidewalk Plan Approved

# Congested Parking

# Picture of the Week: What could possibly go wrong?
